

Starpharma to present DEP[®] at Boston ADC summit

Melbourne, Australia; 27 April 2022: Starpharma (ASX: SPL, OTCQX: SPHRY) today announced that it will today present as an invited speaker at the *Novel Format Conjugates Summit*, an industry conference focusing on next generation Non-Traditional Antibody Drug Conjugates (ADCs) for oncology and beyond.

There is an increasing interest in novel approaches to the development of ADCs. The conference, organised by *World ADC*, brings together international thought leaders to share cutting-edge scientific advances from the world of alternative format conjugates. The industry event is taking place in Boston on 25-27 April 2022 and involves speakers and attendees from international companies, including AstraZeneca, Merck, Lilly, Sanofi, Takeda, Regeneron, Debiopharm, Bicycle Therapeutics, and Avidity.

Starpharma will present the company's DEP[®] platform, with a particular focus on the use of DEP[®] in ADCs and radiotheranostics. Starpharma's presentation '*Targeted DEP[®] Drug Delivery*' includes:

- Overview of dendrimer enhanced products (DEP[®]), including Starpharma's targeted DEP[®] ADCs and DEP[®] radiotheranostics programs
- Benefits of DEP[®] in ADCs, including achieving high drug antibody ratio, enhanced PK/Biodistribution and efficacy outcomes, flexibility in targeting moiety and payload
- Benefits of DEP[®] in radiotheranostics, including superior tumour targeting and better efficacy outcomes, flexibility in targeting moiety and radioisotope of therapeutic or diagnostic applications

Starpharma will also be conducting partnering discussions with other pharmaceutical companies attending the conference.

An abridged copy of the presentation will be made available on Starpharma's website at www.starpharma.com.

About Starpharma

Starpharma Holdings Limited (ASX:SPL, OTCQX:SPHRY) is a global biopharmaceutical company and a world leader in the development of new pharmaceutical and medical products based on proprietary polymers called dendrimers, with programs for respiratory viruses, DEP[®] drug delivery and VivaGel[®]. Starpharma has developed VIRALEZE[™], an antiviral nasal spray that is registered for sale in >30 countries, including in Europe, Asia, and the Middle East, and available outside Australia in certain markets online. VIRALEZE[™] is not approved for sale or supply in Australia. SPL7013 is utilised in approved products - the VivaGel[®] condom and VivaGel[®] BV. VivaGel[®] products have been licensed in >160 countries, are registered in >45 countries and available for sale in the UK, Europe, Japan, South East Asia, South Africa, Australia and New Zealand.

As a leading company in dendrimer-based drug delivery, Starpharma's proprietary drug delivery platform technology, DEP[®], is being used to improve pharmaceuticals, to reduce toxicities and enhance their performance. There are numerous internal and partnered programs underway to develop DEP[®] versions of existing drugs, particularly in the area of anti-cancer therapies. DEP[®] partnerships include oncology programs with AstraZeneca, with Merck & Co., Inc., in the area of Antibody Drug Conjugates (ADCs), with Chase Sun in the area of anti-infectives and other world leading pharmaceutical companies. Starpharma's partnered DEP[®] programs have the potential to generate significant future milestones and royalties.

Forward Looking Statements

This document contains certain forward-looking statements, relating to Starpharma's business, which can be identified by the use of forward-looking terminology such as "promising", "plans", "anticipated", "will", "project", "believe", "forecast", "expected", "estimated", "targeting", "aiming", "set to", "potential", "seeking to", "goal", "could provide", "intends", "is being developed", "could be", "on track", or similar expressions, or by express or implied discussions regarding potential filings or marketing approvals, or potential future sales of product candidates. Such forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause actual results to be materially different from any future results, performance or achievements expressed or implied by such statements. There can be no assurance that any existing or future regulatory filings will satisfy the FDA's and other authorities' requirements regarding any one or more product candidates nor can there be any assurance that such product candidates will be approved by any authorities for sale in any market or that they will reach any particular level of sales. In particular, management's expectations regarding the approval and commercialization of the product candidates could be affected by, among other things, unexpected trial results, including additional analysis of existing data, and new data; unexpected regulatory actions or delays, or government regulation generally; our ability to obtain or maintain patent or other proprietary intellectual property protection; competition in general; government, industry, and general public pricing pressures; and additional factors that involve significant risks and uncertainties about our products, product candidates, financial results and business prospects. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described herein as anticipated, believed, estimated or expected. Starpharma is providing this information as of the date of this document and does not assume any obligation to update any forward-looking statements contained in this document as a result of new information, future events or developments or otherwise. Clinical case studies and other clinical information given in this document are given for illustrative purposes only and are not necessarily a guide to product performance and no representation or warranty is made by any person as to the likelihood of achievement or reasonableness of future results. Nothing contained in this document nor any information made available to you is, or shall be relied upon as, a promise, representation, warranty or guarantee as to the past, present or the future performance of any Starpharma product.
